

## Community Recovery Information

### This newsletter contains information for people impacted by the recent fires across Northern NSW.

Bush fires are distressing and people can feel sadness, sleep disturbance, or anxiety. This is a normal reaction and it is not a sign of weakness.

Kids in particular can be impacted by the uncertainty, confusion and fear around them. Try to create a sense of calm and let them know that there is someone there to take care of them.

If you are struggling there are people you can talk to, like your local GP or health care provider.

You can also contact any of the following free services 24 hours a day, 7 days a week:

### Are you insured?

If you are insured, you should talk to your insurance company as soon as possible about how to make a claim. If you have clearance, you can start cleaning up immediately but first take pictures or video of any damage to your property and possessions as evidence for your claim.

The Insurance Council of Australia can be contacted with any questions, complaints or concerns about your insurance on **1800 734 621**

If you are not insured and have limited income, you may be eligible for a disaster relief grant:
