Sewer Service

A new standard sewer service An alteration to an existing sewer service

7. Please provide a rough sketch plan of the site with the following information:

Preferred: water service location marked with an **X**
Preferred sewer service location marked with a **Y**

Measurement from the side boundary.
North Point.

8. Conditions of Installation

Council's water installation will terminate at the meter. The water pipe from the main and the meter remain the property of Council but it is **the owner's responsibility** to protect it against frost and other damage. The use of a protective cover over the meter is highly recommended. It is also the owner's responsibility to maintain reasonable access to the service and meter at all times. **Note:** If anything inhibits access the owner will be responsible for the cost of reinstating access.

Council's sewer service will terminate in a junction/pipe socket. The owner is responsible for the internal service and the IO.

If approved, the services will be supplied to a point just within the property boundary.
